

White Petroleum Jelly

Sterex White Petroleum Jelly provides relief of dry skin when used regularly and acts as a soothing emollient for skin irritation & minor burns. As a non-water soluble lubricant, it also protects the skin from chafing and helps prevent diaper rash by locking out wetness.

PJ4	4 Oz.	12	N/A	52471-110-04
PJ15	13 Oz.	12	N/A	52471-110-13
PJ16	16 Oz.	12	N/A	52471-110-16
PJF	5 gm. Foil Pack	144BX-12/CS	N/A	52471-110-05

Active Ingredient:

White Petrolatum

Petroleum Jelly is a mixture of paraffin and microcrystalline wax and mineral oil that is recognized by the U.S. Food and Drug Administration (FDA) as an approved over-the-counter skin protectant for topical applications. In lotions and topical ointments it acts as an occlusive moisturizer that forms a sealant to lock water into the skin, preventing dryness. It can also resolve dryness by preventing further water loss from the skin, allowing the skin to repair itself from within. As an occlusive, it can help seal skin breakage-preventing bacteria or impurities from entering the wound and allowing the body's natural healing properties to work without interruption. It is also known as white petrolatum or soft paraffin.
